EXPERIENCE

SDE-1 – Frontend Engineer April 2026 – Present

Autumn *Remote*

- Build and ship high-performance storefronts for top D2C brands including **Levi's, Impex, Urban Performance, Akiki London and Orient Electrics**, owning delivery end to end from design handoff to production.
- Optimized Core Web Vitals through lazy loading, JavaScript deferral, and image and font optimization, improving page load speed and mobile performance.
- Engineered a reusable library of theme sections and components in Liquid, JavaScript and CSS, speeding up new page builds across client projects.
- Use AI coding assistants to accelerate debugging, refactoring and QA, shortening delivery cycles.

Frontend Developer (Shopify) July 2025 – March 2026

11:11 Media *Indore*

- Built dynamic, responsive sections and customized Shopify themes, improving mobile usability and the overall storefront experience.
- Integrated third-party apps (reviews, upsell, tracking) and refined UI/UX flows for smoother customer journeys.

Shopify Developer Intern April 2025 – June 2025

iSpark IT Services *Ahmedabad*

- Developed responsive Shopify sections and resolved theme bugs, improving cross-browser and mobile consistency.

PROJECTS

AI-Integrated Retail Business Analytics Dashboard | *Python, Pandas, Plotly, Streamlit, Prophet, Scikit-learn*

- Built an interactive analytics dashboard that turns raw retail transaction data into automated insights and KPI monitoring for data-driven decisions.
- Covers product performance, regional sales, return-rate tracking and promotion effectiveness, with **Prophet**-based sales forecasting evaluated using Scikit-learn metrics.

Product Review App for Shopify | *React, Remix, JavaScript, Tailwind CSS*

- Developed an e-commerce review app that lets Shopify merchants collect and display customer reviews on their storefronts, with a responsive Remix and React UI styled in Tailwind CSS.

Developer Portfolio Website | *Next.js, Tailwind CSS, Node.js* | Live Site

- Designed and built a fast, mobile-friendly portfolio site with Next.js and Tailwind CSS to showcase projects and experience.

EDUCATION

JECRC Foundation, Jaipur Expected 2027

B.Tech in Computer Science & Engineering (Artificial Intelligence) *CGPA: 8.0/10*

Class XII (Senior Secondary) 2023

Percentage *81%*

Class X (Secondary) 2021

Percentage *91%*
